18th Edition Update - Requirements for Electrical Installations - City & Guilds (2382-22)

Course Aim

It is now a requirement that all electrical installations designed after 1 January 2019 comply with BS 7671:2018, 18th Edition.

This course ensures compliance and understanding of the 18th Edition IET Wiring Regulations (BS7671) which covers safe use and operation of all UK electrical installations and equipment - industrial, commercial and domestic.

Who Should Attend?

Those who have achieved BS7671 certification (17th Edition - 3rd amendment) **after** 2015, wishing to update their knowledge and understanding to be compliant and conversant with the new IET Wiring Regulations.

Delegates **must** hold a valid and in-date Requirements for Electrical Installations - City & Guilds (2382-15) 17th Edition certificate.

Course Duration

This is a 1-day course.

Certification

Delegates successfully completing the Assessment will be issued with a HSS certificate or a 2382-18 certification by City & Guilds.

Agenda

- Revision and overview of all changes, the scope, definitions and appendices of the 18th Edition IET Wiring Regulations
- Selection and erection of wiring systems
- Protection, isolation, switching, control and monitoring
- Special installations or locations
- Earthing arrangements and protective conductors
- Inspection and testing
- Assessment - City & Guilds 2382
