

Advanced Spill Responder Training

Course Aim

This training course is aimed to train professional spill response personnel and those seeking more in-depth knowledge and experience in responding to spills.

Who Should Attend?

This course is for people who are already working as spill response personnel, who would like to expand on their skills with an ISAS Approved course that covers Spill Response to spillages on hardstandings and within drainage systems and spillages which have entered inland water.

Course Duration

This is a 1 day course.

Maximum Delegates

Maximum attendees: 10 delegates.

Certification

Upon successful completion of the course delegates will be awarded an ISAS certificate of competence.

Agenda

This 1 Day, ISAS accredited, course is focussed on:

- Understanding Spillages
- The Law
- Stakeholder Responsibilities
- Pollutant-Pathway-Receptor
- Responding to Spills on Hardstandings, in drains, bunds and interceptors
- Responding to Spills Impacting Freshwater
- Spill Response Product Selection & Two Practical Scenarios
- End of course assessment.
