

IPAF Mobile Vertical (3a) Renewal - Virtual Reality (VR)

Course Aim

This course provides recertification training for experienced IPAF MEWP Operators through the use of Virtual Reality (VR) simulations to refresh their knowledge in a range of situations and environments.

This IPAF Operator renewal course with practical VR training session and assessment covers the powered access category - Mobile Vertical (3a).

The benefits of Virtual Reality assessment are:-

- Removes the risk of hazards
- Carbon emissions will be reduced
- Immersive true to life experience
- Easy to use and can simulate a range of situations
- Practical assessments can take place in the classroom

The course can be conducted at a HSS site or at your venue subject to meeting the on-site training facility requirements.

Course Duration

Duration will be between a half day and a full day's training and will vary dependent upon the number of delegates in attendance.

The number of delegates who can attend this course is between 1-12.

Agenda

This course requires the successful completion of E-Learning theory modules which **MUST** be undertaken prior to completion of Virtual Reality Assessments

Evidence of completion must be provided upon arrival on the day of the course.

This VR renewal course offers a convenient, cost effective and safe way to re-train using replica controls and movement in an immersive and risk free environment allowing delegates to make mistakes, evaluate and learn without the safety implications involved in live training.

Theory

- Introduction to Virtual Reality

Practical

- Introduction to Virtual Reality
- Practical Training
- Practical Assessments

Delegates will be tested across a variety of simulations, the delegate will be provided with a report outlining any specific areas that require additional improvement,

IPAF Mobile Vertical (3a) Renewal - Virtual Reality (VR)

Who Should Attend?

This course is suitable for delegates who have a valid PAL card with existing categories and experience that they wish to renew.

Delegates **MUST** provide either an IPAF logbook on the day of this course with proof of 60 entries, 10 of which will need to be within the last 12 months or delegates will need to self certify that they have the required experience through a *declaration of experience* on application using the 'IPAF Applications' section of the Training Course Assessment Booklet.

Note:

You must have a good understanding of spoken and written English. Please contact us if you have any concerns in this area on 0345 605 0006.

Certification

Delegates successfully completing the course will receive an IPAF Certificate and Powered Access Licence (PAL) Card valid for 5 years.

HSS Training will also provide each delegate with an easy-to-use report expanding on the specific areas requiring additional improvement if required

Additional Information

IPAF ePAL

From 1st June '21 all IPAF cards & certificates applied for will be issued in digital format via the ePAL app.

Operators can download the app for free to Apple iOS and Android devices and use it to view and access their digital PAL Cards, logbooks and IPAF safety guides. Our Trainers will talk you through this process at the start of your IPAF course.

HSS Training will be using the **NEW IPAF Digital PAL Card Licence Application (ePAL)** to process all IPAF certification.

- The IPAF Digital PAL Card Licence Application (ePAL) is a mandatory item when making a booking, charged at £29.50 per delegate.
- IPAF Physical PAL Card Licence Application (Printed PAL Card) – If required add the item " Printed PAL Card and Certificate " to your basket - additional cost £7.50
