

Register of Land-based Operatives Health, Safety and Environmental Awareness (ROLO)

Course Aim

The aim of this course is to raise awareness of key health, safety, and environmental legislation, to advise land-based operatives of their roles and responsibilities, as well as those of their employer. As well as to highlight the hazards and risks land-based operatives may encounter whilst on site.

Who Should Attend?

This course is suitable for those delegates who are wanting to be recognised through Health, Safety and Environmental Awareness Courses in the UK. Specifically for the Land-based industries for landscaping professionals. This course is specifically suitable for delegates wanting to achieve the below:

- Recognition of skills and competence within the land-based sector
- Improved employment prospects through use of LISS/CSCS scheme
- Familiarisation of key subject areas will enable identification of training need

Course Duration

This is a 1 day course.
