

# IPAF Mast Climbing Work Platform (MCWP) Demonstrator

## Course Aim

To provide delegates with the knowledge and practical skills required to operate and demonstrate the use of various types of Mast Climbing Work Platforms (MCWP). This includes familiarisation to users or operators providing information about a specific type of MCWP on a particular job site with their responsibilities, demonstrating preoperational checks, safe operating procedure and the limitations of MCWP.

The course covers all aspects of daily/pre-use checks, weekly inspections, demonstration of use and emergency procedures of MCWP.

## Agenda

- Education on the relevant local regulations, standards, codes and guidance for the design, supply, use and management of MCWPs
- Demonstrating the safe operation of a MCWP
- Demonstrating the correct emergency procedures and systems of a MCWP in the case of an emergency
- Demonstrating daily checks prior to use
- Carrying out weekly inspections
- Retrieving information from user/manufacturers manuals/safety guidance

## Who Should Attend?

Managers or supervisors with basic Health&Safety and electrical/mechanical knowledge that may be required to operate or demonstrate the use of MCWPs.

## Course Duration

This is a 1 day course.

## Certification

Upon successful completion of the course delegates will be awarded an IPAF certificate, valid for 5 years.
