

IRATA Level 2 – Rope Access Technician

Course Aim

To provide delegates with a greater understanding of the roles and responsibilities of work at height using rope access.

The Level 2 course covers a variety of technical rigging methods and rescue skills; there is a greater emphasis on knowledge although the course remains mostly practical.

Who Should Attend?

Experienced Rope Access Technicians currently holding an IRATA Level 1 certificate and a minimum of 1,000 logged hours experience.

Entry Requirements

All delegates must be able to certify that they are physically fit and have no medical conditions that might prevent them working at height.

Delegates must be 18 years or over.

Agenda

- Rigging ropes
- Undertaking rescues
- Hauling
- Performing rope access tasks

Certification

Delegates successfully completing an IRATA Level 2 Rope Access Technician course will receive an IRATA certificate valid for 3 years.

Course Duration

This is a 5-day course.

Maximum Delegates

The maximum number of delegates is 6.
