

NPORS – Lorry Loader (NI07)

Course Aim

This course aims to provide the knowledge and skills required to operate and Lorry Loader. It is suitable for operators of all abilities and those who have previously received no formal training or instruction. The course is delivered through a combination of classroom-based theory and practical hands on training.

Who Should Attend?

This course is suitable for any delegate wishing to gain an NPORS Lorry Loader certificate.

Experienced workers, categorised as those with having either 18 months provable work experience and/or 6 months consistent daily experience in the category, will be able to undertake a Experienced Workers Test (EWT). Completion of a EWT will allow experienced workers to take the NPORS Theory and Practical tests required for a NPORS certificate.

Prerequisites

- Traditional NPORS card
- Novice – No pre-requisites

Experienced Workers - either 18 months provable work experience and/or 6 months consistent daily experience in the category.

NPORS / CSCS Card

In addition to the above, delegates must have an in date relevant CITB Health, Safety and Environment Touchscreen Test. Failure to attend with this qualification may result in you being denied entry to the course and forfeiture of all fees.

A good understanding of spoken and written English is also required.

Agenda

Upon successful completion of this course delegates will be able to:

- Carry out pre start and running checks of the carrier vehicle & lifting appliance
- Configure the lorry loader & carrier vehicle for site/road travel
- Manoeuvre the carrier vehicle into position in order to carry out lifting exercises
- Set up carrier vehicle to carry out lifts at minimum & maximum radii
- Load plant vehicle in accordance with industry practices
- Secure loads on vehicle bed in accordance with industry practices
- Remove and reattach bucket
- Place machine in and out of service condition
- Explain loading and unloading procedures

Course Duration

This is a 2-day course.
