

SPA MPQC Quarry Passport

Course Aim

The Quarry safety passport (sometimes known as the EPIC card) training course provides delegates with knowledge on topics such as dust, confined spaces and hazard awareness, enabling them to work safely in a quarry or excavation environment.

Who Should Attend?

You may require a Quarry Safety Passport if you work on a quarry, in excavation or with mineral products in your job.

Course Duration

This is a 2-day course.

Certification

Upon successful completion delegates will be awarded an SPA accredited certificate.

Agenda

- Introduction
